

CIOP
2019

CIOP

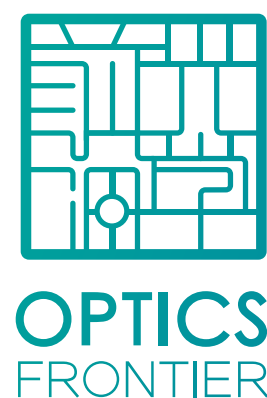

Optics Frontier

The International Conference on Information Optics and Photonics

CIOP2019

7-10, August Xi'an, China

CIOP 2019

General Chairs

Shining Zhu Nanjing University, China

Dieter Bimberg CIOMP, CAS, China & TU Berlin, Germany

Technical Program Chairs

Yidong Huang Tsinghua University, China

Jianlin Zhao Northwestern Polytechnical University, China

Shigehisa Arai Tokyo Institute of Technology, Japan

Steering Committee

Zhiping (James) Zhou Peking University, China *Chair*

Jianlin Zhao Northwestern Polytechnical University, China

Jianrong Qiu Zhejiang University, China

Limin Tong Zhejiang University, China

Xianfeng Chen Shanghai Jiao Tong University, China

Junle Qu Shenzhen University, China

Sen Han University of Shanghai for Science and Technology, China

Yanqing Lu Nanjing University, China

Feng Chen Shandong University, China

Ming Tang Huazhong University of Science and Technology, China

Shilong Pan Nanjing University of Aeronautics and Astronautics, China

— Important Dates —

Abstract Submission Deadline:

June 21

Early-Bird Registration Deadline:

July 20

900+
Attendees

500+
Submissions

40+
Exhibitors

About Xi'an

Xi'an is a northwestern city of China. It is one of the oldest cities in China, the Four Great Ancient Capitals. Xi'an is the starting point of the Silk Road. Besides the historical sightseeing, Xi'an also holds many outstanding institutes on optics and photonics.

Topics

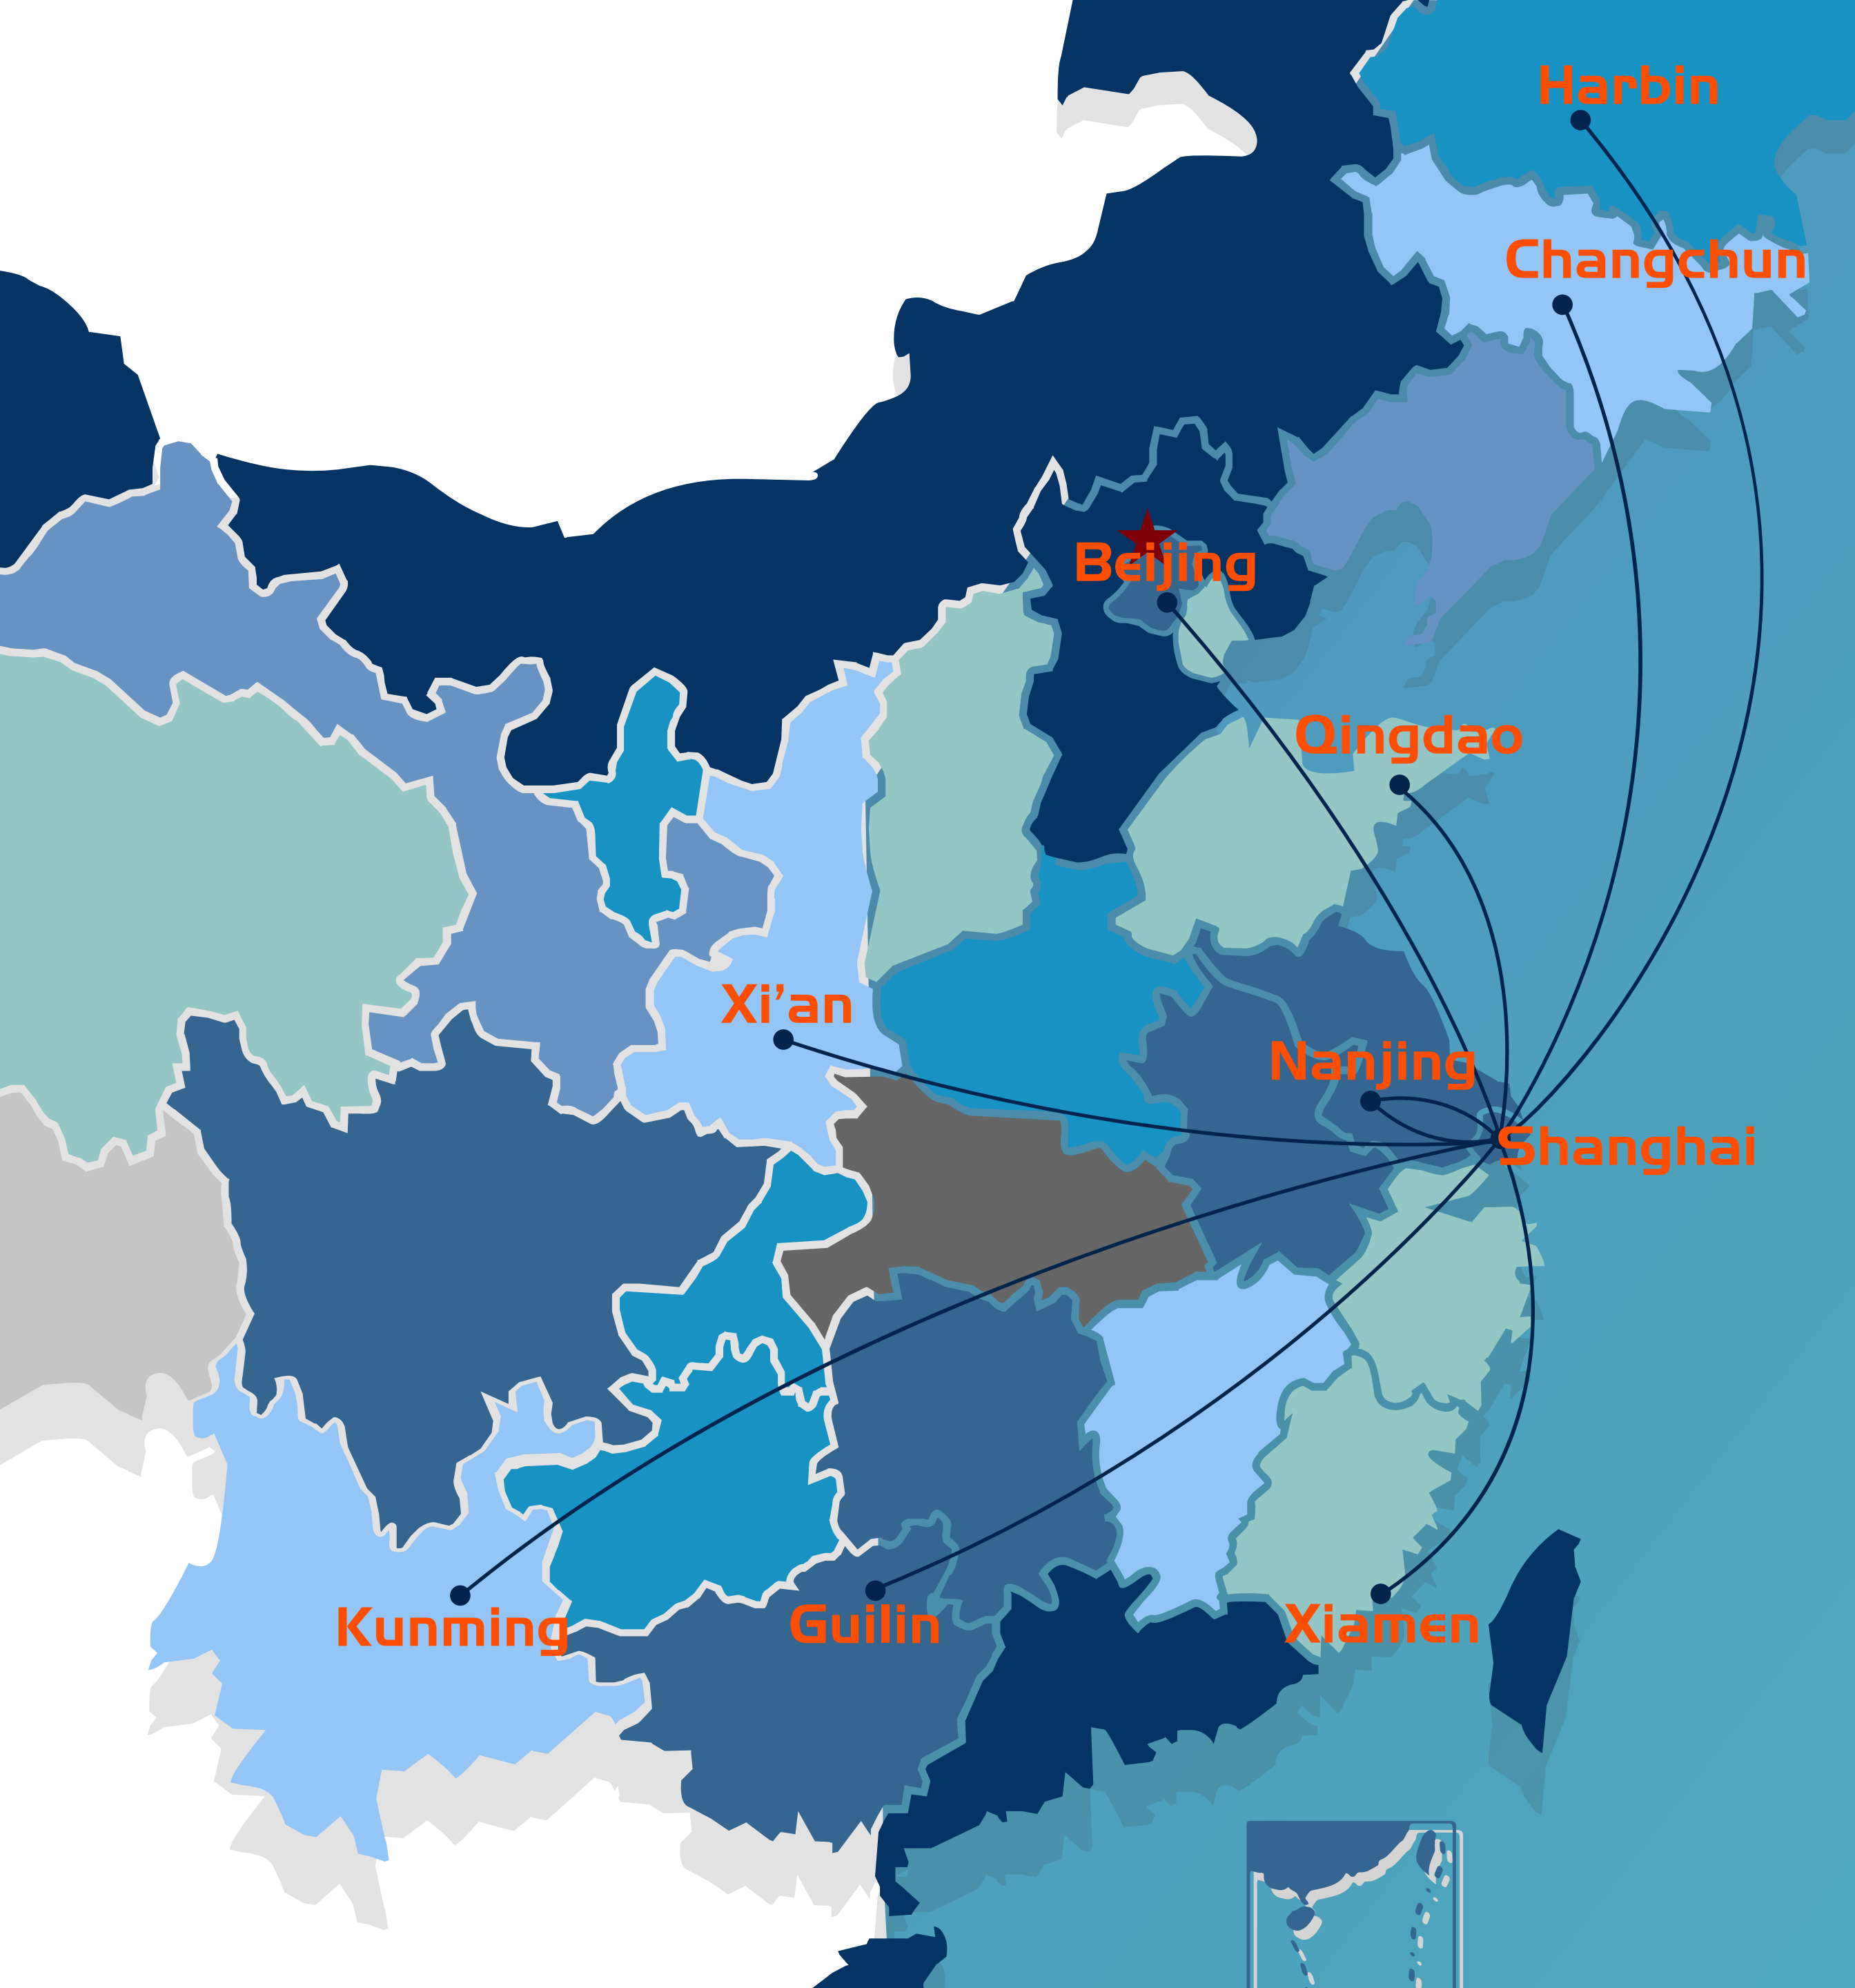

In 2019

- | Light-Matter Interactions
- | Plasmonics and Metamaterials
- | Ultrafast and Nonlinear Phenomena
- | Solid State, Fiber, and Other Laser Sources
- | Silicon Photonics
- | Microwave Photonics
- | Micro and Nanophotonics
- | Optical Materials
- | Optical Metrology
- | Infrared and Terahertz Technologies
- | Optical Imaging, Display, and Storage
- | Optical communications and networks
- | Optical Fiber and Waveguide Technologies
- | Biophotonics and Optofluidics
- | Optical Sensors and Systems
- | Atomic Physics, Quantum Photonics, and Quantum Information

- | Photonic Integration and Optical Interconnect
- | Advanced Fiber Optics & Sensing Technology
- | Biomedical Photonics
- | Optical Design and Optical Precision Measurement
- | Optical Communications and Networks
- | Optical Imaging and Holography
- | Plasmonics and Metamaterials
- | Lasers and Nonlinear Optics
- | Quantum Optics and Quantum Information Technology
- | Laser Micro-Nano Processing and Fabrication
- | Microwave Photonics
- | Nano Photonics and 2D Optoelectronics

Before...

About CIOP

Optics Frontier—The International Conference on Information Optics and Photonics (CIOP) is an international conference with comprehensive technical topics on optics and photonics. Since 2007, CIOP was held annually and has accumulated the great reputation with over decades endeavor.

Connect with frontier researchers |

Gain experience with experts |

Latest news and connection with industry |

Present your work and inspire new ideas |

Plenary

The leading scientists present the latest advances on the key topics.

Tutorial

More than 20 senior speakers give in-depth and longer presentation.

Invited

Prestigious speaker from institutions and companies are invited to present research progress on relevant topics.

Oral & Poster

A unique opportunity for young researchers and students to gain experience in scientific communication.

Trainings

Highly regarded expert will give lecture to a small class for young researchers and students.

Workshops

Academic or industry discussion and presentation on selected topics of interest to the most attendees.

Exhibitions

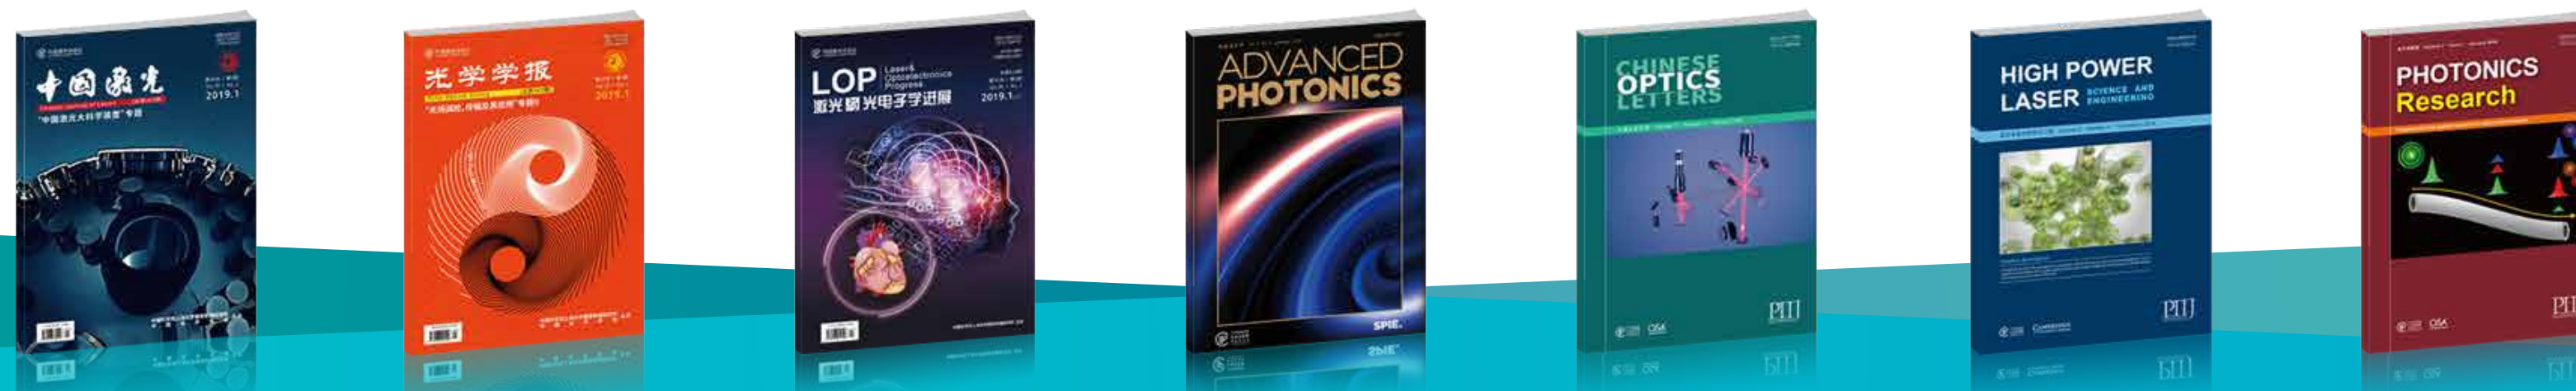

Meet potential clients or application opportunities.

Special Events

Table Tennis & Badminton Games.
Banquet and Award Ceremony encourage collaboration and creativity.

Journals

7 journals published by CLP.
You may meet the editors-in-chief at CIOP.
